

Job description

Linassi+Co is a branding and digital agency based in the Suffolk countryside near Woodbridge. We have an immediate requirement for a WordPress developer to join our friendly and relaxed team. We have adopted a flexible hybrid working model and retain our Suffolk studio for essential team interaction. We pride quality over quantity and use realistic budgets and timeframes to deliver websites that we are proud of. We are not a website factory churning out site after site.

The Role

- You will be responsible for building and supporting a variety of client websites using our own bespoke designs, produced by our in-house creative team.
- We expect best practice to be applied and enthusiasm to push boundaries and try new things.
- Continuing professional development is an important part of the role and you should be driven by your passion and will be supported by us.
- You will need to work with our account managers, helping define the scope of work and timings.
- Work with the designers at the early stages of the project to ensure there is a clear understanding of what we want to achieve as a team.

Requirements

- UK based – Commutable distance to Ipswich office
- Excellent knowledge of WordPress, PHP, MySQL, Javascript, JQuery and building responsive cross-browser websites
- API integration experience
- Site administration capabilities (cPanel, DNS, MX records)
- An eye for detail and pride in the work you produce
- Excellent level of spoken and written English
- Self-motivated with a can-do attitude
- Team player

Advantageous experience and qualities

- Some knowledge of technical SEO
- Knowledge of or ambition to build in React
- Experience with Flywheel and AWS hosting platform
- Sense of humour
- Seasoned table footballer

Interview process

Interviews will take place in person at our Brightwell Barns studio.
